

Message from the Principal for Form One Parents/Guardians

A large, light-colored feather graphic is positioned on the left side of the slide, extending from the top to the bottom. It has a central rachis with many fine barbs radiating outwards, creating a soft, textured appearance.

Good afternoon, Form One parents. I was very much looking forward to meeting you at the Form One Orientation Day, which unfortunately had to be cancelled. Though unable to do this in person, through this message, I would like to welcome you and your son/ward again to the SPC family and share some of my thoughts with you.

Message from the Principal for Form One Parents/Guardians

St. Paul's College, with its 168 years of history, is dedicated to providing a broadly based, culturally inclusive and academically oriented education. As a Christian school, we hope to help our students learn and grow through Christian principles and values. We hope to see them become contributing members of society whose words and deeds reflect such principles and values.

Our Colleges embraces whole-person development. While excelling in their studies, we expect our students to be active participants in extracurricular activities, through which they find their interests and strengths. We strive to equip them with knowledge and skills they will need to fly high and realize their true potential.

Message from the Principal for Form One Parents/Guardians

SPC is a school that values the uniqueness of each one of our students. It is a school that brings together students of diverse backgrounds, interests and abilities. It is a school that emphasizes acceptance and inclusiveness. The most quoted line from our College Song, “All for each and each for all,” captures fully the brotherhood among Paulines since the foundation of the College.

I sincerely invite you to work closely with the College for the education of your son/ward. May I wish all Form One students an exciting school year full of fun and learning opportunities.
