Gathering at Patrick's house

RST course (boat-driving license)

## Bryan & Jake

We went to the Kings Park with Donald and his buddy, it is one of the largest inner city park in the world. We played ball games in the park, ate BBQ and lying down on the grass. There are lots of places can see very good view, so we keep looking at the view when we are walking.

“ In this programme, I have learned a lot of things about Perth, and also this is the first time I go overseas without family. It is a fresh and eye-opening experience for me. This experience undoubtedly makes me more mature and independent. Also help me to make new friends. “

## Ryan & Charlie

*We had a go on stand-up paddleboarding along the Swan River and the view of Perth from the water was unforgettable. This water sport is new and enjoyable to me as I didn't get to have the chance to participate in water sport in Hong Kong and it's relaxing while I paddle along the shore.*

*" I am pleased for being part of this memorable trip to Perth, not only I have known more about the schooling life oversea, I also opened up myself to others and made quite a lot of new friends. Every moment that I had stayed in Perth is precious to me and I will never forget it."*

# Reagan & Daniel

*We rode around the river of Perth and the view along was spectacular , and that is not what we could experience in other places.*

*“ I am glad that I have participated in this programme, that I have learned a lot of Perth and how studying overseas is like, and more than that a special relationship between the two families, my buddy and myself is created . “*

## Andy & Ben

*My buddy's family and I went to one of the beaches there in Perth. There was a spectacular view and the sand was smooth. It was rather windy and the waves were gigantic. Despite that, we still watched the sunset there by the beach.*

*" It is an amazing experience going to Perth and I had a great time with my buddy. Not only did this exchange programme make me more confident to talk, it also improved my communication skills. Overall, the trip was well worth it. "*

## Alex & William

*My buddy and I love sports very much. We really enjoy when we're doing sports. We also went to King's Park for enjoying the view of Perth which is amazing. Afterwards, we went to play snooker in the after where is in the vicinity of the Northbridge.*

*This is a very memorable and meaningful trip which has made a mark on me . I also made a breakthrough as it was the first time I travel on my own self. Moreover, me and my buddy both made good terms with each family.*

## Donald & Isaac

In the first picture, mine and Bryan's family gathered to King's Park and had a lovely picnic. In the second one, my host family and I walked into a light festival at a night when we had dinner outside in the city. And in the last one, we were enjoying the sunset after school at the beach with my host family and buddy.

“ Throughout the summer exchange tour, we've not only improved our English speaking skills but also learnt so many things including the history of Perth. I will definitely treasure the friendship I have created with my buddy and his family. I would one hundred percent recommend students to join this programme. “

## Cyrus & Patrick

Patrick's family took me on their boat and had a ride along the Swan River where we took a glimpse of the CBD of Perth and a taste of driving a boat. On one weekend night, another 4 SPC students along with their buddy, came and had a small party. Luckily, I had a chance to enjoy an Australian football match at the Domain Stadium.

“Undoubtedly, this is a precious experience for both sides, throughout the week, we had a deeper understanding of each other, more importantly, we made friends and became more mature. Life brings tears, smiles, and memories. Tears dry, smiles fade, but memories last forever. I am glad that I joined this exchange programme which brought me wonderful memories.”

## Bob & Ayomide

My buddy, Ayo took me to King's Park. There was a lot of war memorial monuments there. The view is really great at King's Park as we could look over Swan River there. King's Park is one of the largest park in Perth. King's Park is near the Fremantle Port which we had dinner in.

“ I had a great time in Perth. I made a lot of new friends and learnt a lot about the school systems there. After living with my buddy for a week I learnt about a lot of cultural difference between Perth and Hong Kong. This is truly a remarkable journey. “

# THANK YOU
