WHOLE PERSON DEVELOPMENT

Like the crown that it signifies, the broadly-based, life-enriching experiences offered at St. Paul's College nurture each student into a whole person, instilling a lasting sense of moral, social and spiritual responsibility for the world.

MESSAGE FROM THE PRINCIPAL

St. Paul's College is distinctively different from other schools in Hong Kong because we are steeped in tradition. We are proud to say that the history of St. Paul's is just as long as that of Hong Kong, and the prospective students are the continuation of this tradition.

It is a long tradition of commitment to education – a pledge to educate young men based on Christian principles. For more than 167 years, St. Paul's College has served Hong Kong by honouring this commitment and we will continue to do so. Many things have changed including the location as well as the facilities of the College but the four precepts (Justice, honour, truth and virtue) remain the four core values that we want to foster in our students. The motto of the College is "The fear of the Lord is the beginning of wisdom" (Proverbs 9:10). We truly believe that the Bible has relevance to the upbringing of young men in this modern world and that the word of God is "a lamp to their feet and a light to their path".

Treating each other as equal and fostering a spirit of brotherhood have also been part of our long tradition. "Brothers here we stand together, all for each and each for all". These lines in our College song epitomize the ethos of the school. Students and alumni of St. Paul's College are always proud of this St. Paul's spirit that binds them together. We ask them to look out for one another, to watch each other's back, to support each other because we are all part of the same family of St. Paul's.

We look forward to inviting you into the College family.

Mr. Dennis Yuen Dick Yan

THE CROWN

This is the symbol of life that God has promised to those who love Him (James 1:12) for the Christian is the child of God bestowed with a royalty that other men have not realized. However humble a mortal being's earthly circumstances, final victory is assured in the Kingdom of Christ to those who believe in Him.

THE MOTTO

Translated as "The fear of the Lord is the beginning of wisdom", the motto, written in Chinese, embodies the historic mission of the College to offer Chinese youths a modern, liberal education in the English and Chinese languages based upon Christian beliefs and principles.

TRADITIONAL VALUES FUTURE FOCUS

Managed by the St. Paul's College Council, a body incorporated by a special ordinance of the Hong Kong Government, the College continues to uphold the traditional values encompassed in our motto but at the same time maintains a progressive outlook to equip students to meet the changing needs of society.

The College Chaplain works closely with the teaching staff to provide pastoral care to all of our students.
